□ **Itineraries out of Kos or adjacent Bodrum, Turkey** (here for clarity drawn only out of Kos)
 Approximate distances in nautical miles.

The navy blue line is the Northern route, 2 weeks, usually sailed counter-clockwise.

- 2 typical short-cuts (navy blue dashed lines towards Amorgos)
- Leros (or Kalymnos) – Levitha islet – Amorgos
 - Patmos – Amorgos

The yellow 2 weeks route is a drastic short-cut: only up to Patmos and

			volcanic beaches.
Day 3	Mon	31 nm	Kalymnos - The main port of Pothia, with its Italianate style of architecture. Anchor at Telendos or much more secluded in Emborios.
Day 4	Tue	34 nm	Lipsi (Leipsoi) - Churches of Panagia/Virgin Mary and the nearest blue cupola Ioannis Theologos/John Evangelist. Anchorages at the northwest and south - lots of reefs!
Day 5	Wed	11 nm	Patmos - Rent bikes/scooters from Skala.
Day 6	Thu	10 nm	Arki - Port Augusta and Marathos islet (Marathi)
Day 7	Fri	31 nm	Samos - Marathakambos (27 nm) or Pythagorion (31 nm) ports, Pythagorio fortress and the tunnel of Eupalinos .
Day 8	Sat	17 nm	Agathonisi (Gaidaros) - Ay. Georgiou port and the narrow anchorage 1.3 nm to the east.
Day 9	Sun	19 nm	Leros - Alindas bay and the Venetian castle, or the more peaceful and lush Pandeli bay further south.
Day 10	Mon	23 nm	Pserimos - The small hamlet of Pserimos is delightful after the tripperboats have returned elsewhere in the end of the afternoon.
Day 11	Tue	11 nm	Kos - Kardamena has one of the best beaches in Greece, yet only visit well after the season due to the overwhelming amount of tourists. Normally just visit Kos port and discover the wonderful town.
Day 12	Wed	34 nm	Tilos - Lidavia port
Day 13	Thu	20 nm	Chalki (Halki)- The main port Emborio, and the castle on the adjacent island of Alimia (Alimnia).
Day 14	Fri	37 nm	Rhodes
